## *Faux Snowflake*

Full stitch	Thread:	Color
△	Kreinik Silk Mori 8000	Soft White

33 stitches wide by 33 stitches high  
 Size:

14 count: 2 1/4 in. wide by 2 1/4 in. high

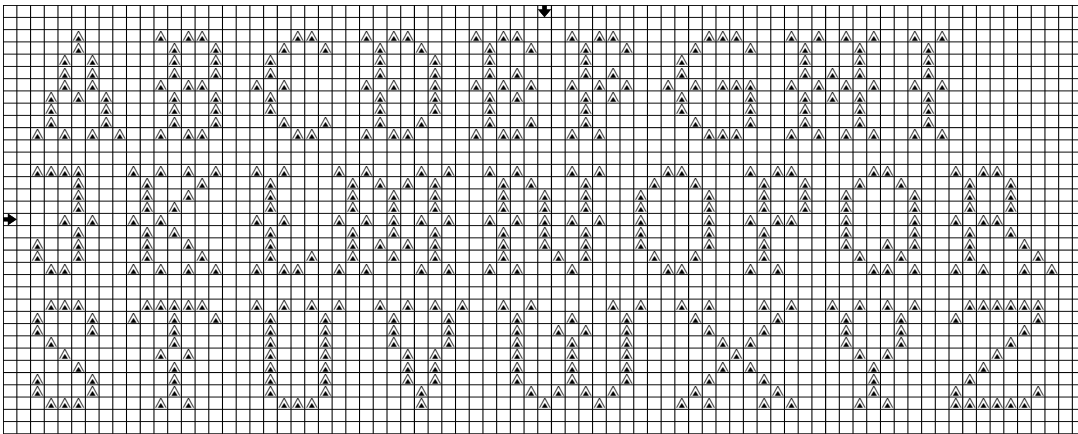

18 count: 1 3/4 in. wide by 1 3/4 in. high

28 count: 1 1/4 in. wide by 1 1/4 in. high

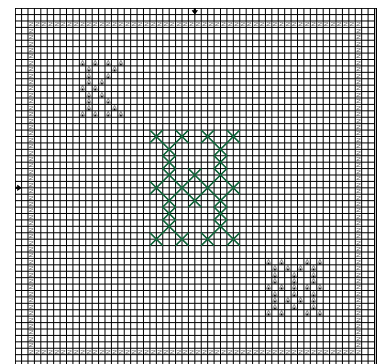

32 count: 1 in. wide by 1 in. high

Model was stitched "over one" using Kreinik Silk Mori 8000 on 28 count "Tile Blue" Jazlyn (#3626-5033) courtesy of Needleworker's Delight/Zweigart. When I finished the fob, I added Mill Hill glass seed beads "White" #00479 (courtesy of Wichelt Imports, Inc.) one per whipped stitch so that they formed a solid row around the fob

If you'd like to include a monogram on the back of a scissor the following alphabet is included.

This is to just give you a general idea of a layout with the above alphabet. The central monogram letter (here, the "H". Substitute the initial of your last name) is stitched "over two" while the smaller letters are stitched "over one".
